A hand-drawn sketch of a mobile application registration form. The form is contained within a rounded rectangle representing a phone screen. At the top of the screen, there is a status bar with a grey background, containing icons for signal strength, battery level, and the time 17:31. Below the status bar, the form consists of several labeled input fields, each represented by a rounded rectangle with a black border. The labels are placed to the left of the input fields. The fields are: 'email address:', 'confirm email address:', 'username:', 'password:', and 'confirm password:'. At the bottom right of the form area, there is a grey button with the text 'NEXT >'. The entire sketch is enclosed in a larger rounded rectangle representing the phone's body, with a small circle at the top left and a horizontal oval at the bottom representing the home indicator.
